CAREER SUMMARY:

Full stack developer with over 2.7 years of experience, I am motivated and eager to tackle challenges with maximum efficiency. My expertise includes developing complex and reusable front-end components and back-end APIs, as well as writing optimized code and fine-tuning database queries, particularly with MongoDB. Additionally, I possess experience in crafting unit test cases and have worked towards enhancing application performance.

WORK EXPERIENCE:

Emids technology | Oct 2020 - May 2023

Software Engineer

Pareo - ClarisHealth

- Responsible for **Full-stack** development of new features, which gave me opportunity to work on frontend and backend technologies such as **Angular**, **Express.js** (Node.js Backend framework) and **MongoDB**.
- Developed complex components using Angular, engineered various modules, built controller and API's using **Express** and **NestJs**.
- Built complex **UI workflows** and **components**, Created Filters using **Dynamic components** from scratch using Angular.
- Worked on improving performance of the application. **Optimized MongoDB database queries**.
- Actively participated in fixing complex and **intermittent bugs**.
- Involved in Technical Analysis Like - To introduce the **downloading functionality** in application. Analyze the amount of data to be downloaded and introduced approach to increase the speed of formatting and downloading data.
- Conducted comprehensive **Root Cause Analysis** for 50+ bugs, resulting in the identification and resolution of bugs.
- Successfully delivered more than **15 product demonstrations** to US partners, effectively communicating the value of new features and enhancements.
- Actively participated in Agile activities, providing technical expertise, facilitating poker sessions, identifying, and addressing potential blockers to ensure on-time completion of project stories.

SKILLS:

- | | |
|--------------|---------------------|
| • Javascript | • HTML / CSS / SCSS |
| • Angular | • Redis |
| • NodeJs | • C++ |
| • ExpressJs | • Python |
| • MongoDB | |

EDUCATION:

2017 - 2021 | **Bachelor of Technology : Computer Science Engineering**

IPS College of Technology and Mangement, Gwalior, M.P

Passed in First Division with **8.0** CGPA.
